

Part No. TS/2960

Issue 2_PL200405

Application

The pneumatic transfer pump unit is designed for use in conjunction with the K1500 pneumatic skimmer and control console. The unit is mounted on a base plate c/w carrying handles for easy transportation.

Dimensions

Length	60 cm
Width	42 cm
Height	32 cm
Weight	10 kg

Materials of Construction

Wetted Housing	Aluminium
Non Wetted Housing	Aluminium
Diaphragm Material	BUNA-N
Base Plate	Aluminium Alloy

Shipping Dimensions

Length	63 cm
Width	44 cm
Height	34 cm
Weight	25 kg

Port Size

Process Inlet	1" Camlock male
Process Outlet	1" Camlock male
Pneumatic Inlet	3/8" BSP Female
Pneumatic Outlet	1/2" Female: Fitted with Silencer
Maximum Air Pressure	8.6bar (125psi)

STANDARD EQUIPMENT

2 x Operating and maintenance manuals

OPTIONAL ACCESSORIES

Spares kit (SK/0710)

Air filter regulator lubricator (5202PP)
